

Medical Student Intern Testimonials

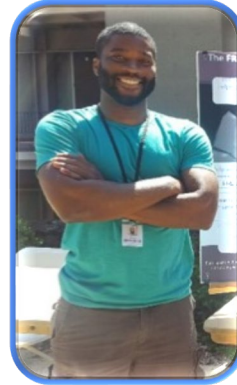

“It was such an enriching experience to see patients in the hospital with my mentor and see her interact with the interdisciplinary team. Now I am seriously considering doing a fellowship in palliative medicine.

Reonna Smith, '18

Meharry Medical School

Summer Mentor: Toluwalase (Lase) Ajayi, MD

“This program broadened my perspective on clinical research. I was exposed to clinical research opportunities involving various specialties of medicine, along with many potential applications of the research. I also was able to obtain my first exposure to my now chosen medical specialty.

Eric Johnson, '17

Meharry Medical School

Summer Mentor: Stuti Jaiswal, MD, PhD

“The program not only allows students to explore translational research in an environment that is welcome to questions but also provides professional development that will be useful no matter what field you choose to go into.

Yvonne Cottrell, '18

Meharry Medical School

Summer Mentor: Athena Philis-Tsimikas, MD

Tenesha Boyd, '23
Meharry Medical School
Summer Mentor:
Stuti Jaiswal, MD, PhD

“It was a great overall experience, and besides the research, there were many great talks and seminars.” “No research without action, no action without research!”

Kadae Campbell, '23
Meharry Medical School
Summer Mentor:
Stuti Jaiswal, MD, PhD

“Reflecting on the experiences lived I feel very grateful to have had such an amazing opportunity at the institution.”

Alondra A. Rivera Raíces, '21, '23 & '24
Ponce Health Sciences University
Summer Mentor: Athena Philis-Tsimikas, MD

Medical Student Intern Testimonials

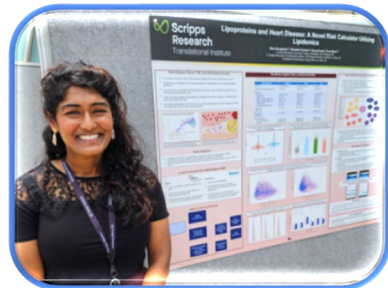

Carlos, A. Ocasio Ramirez, '24
Ponce Health Sciences University
Summer Mentor:
Jyothi Purushotham, PhD

“ This experience has been incredibly rewarding, and I couldn't imagine a better environment to grow and contribute to science.

“ I gained valuable research experience, new relationships, and the ability to experience a new city.

Temiloluwa Ajayi, '24
Meharry Medical School
Summer Mentor:
Toluwalase (Lase) Ajayi, MD

“ Met incredible people, learned R programming, created my own poster, learned about clinical trials from Dr. Nicholson & Dr. Jaiswal (this was extremely helpful for my personal understanding and summer research).

Elsa Varughese, '24
CMU College of Medicine
Summer Mentor: *Evan Muse, MD*
